

# Nicholas J. Seewald, Ph.D.

## Curriculum Vitae

✉ [seewaldn@penntestimony.upenn.edu](mailto:seewaldn@penntestimony.upenn.edu) [nickseewald.com](https://nickseewald.com)  [nickseewald](https://github.com/nickseewald)

### Professional Data

---

Department of Biostatistics, Epidemiology, and Informatics  
University of Pennsylvania Perelman School of Medicine  
624 Blockley Hall  
423 Guardian Drive  
Philadelphia, PA 19104

### Education

---

#### University of Michigan, Ann Arbor, MI.

Ph.D. Statistics 2021

*Design and Analytic Considerations for Sequential, Multiple-Assignment Randomized Trials with Continuous Longitudinal Outcomes.* Advised by Daniel Almirall, Ph.D.

DOI: [n4r2](https://doi.org/10.1101/2021.04.15.20268202)

M.A. Statistics 2018

M.S. Biostatistics 2015

#### University of Notre Dame, Notre Dame, IN.

B.S. Mathematics (with Life Science), *cum laude* 2013

### Faculty & Research Positions

---

#### University of Pennsylvania, Philadelphia, PA.

Senior Scholar, Center for Clinical Epidemiology and Biostatistics 2025 - Present

Assistant Professor of Biostatistics 2023 - Present

#### Johns Hopkins Bloomberg School of Public Health, Baltimore, MD.

Postdoctoral Fellow, Department of Health Policy and Management 2021-2023

Advised by Elizabeth A. Stuart, Ph.D. and Emma E. (Beth) McGinty, Ph.D.

### Awards

---

7. Excellence in Teaching. Johns Hopkins Bloomberg School of Public Health, AY 2022-23, First Term.
6. Junior Researcher Travel Grant, American Causal Inference Conference, 2022. Supported by the National Science Foundation, awarded to Duke University.

5. Brenda Gunderson Graduate Student Instructor Award. Department of Statistics, University of Michigan, 2021. (Inaugural recipient)
4. Outstanding Graduate Student Instructor. Rackham Graduate School, University of Michigan, 2021. (University-wide)
3. Outstanding Graduate Student Instructor. Department of Statistics, University of Michigan, 2020.
2. Best Departmental Poster, Statistics. Michigan Student Symposium for Interdisciplinary Statistical Sciences, 2017.
1. Best Departmental Poster, Biostatistics. Michigan Student Symposium for Interdisciplinary Statistical Sciences, 2015.

## Publications

---

Underline denotes trainee with significant mentoring.

### Peer-Reviewed Articles

## Teaching Experience

---

### **Course Director**, University of Pennsylvania Perelman School of Medicine

*BSTA 6100: Biostatistical Methods for Epidemiology*

Fall 2024

### **Co-Instructor**, Johns Hopkins Bloomberg School of Public Health

*Seminar on Statistical Methods for Mental Health*

Term 1, AY 2022-3

*Promises and Pitfalls of Prediction Models in Mental Health Research*

Co-taught with Trang Q. Nguyen, Ph.D.

### **Guest Lecturer**, Johns Hopkins Bloomberg School of Public Health

*Seminar on Statistical Methods for Mental Health*

Term 3, AY 2021-2

“Difference in Differences with Variable Treatment Timing.”

Instructor: Elizabeth A. Stuart, Ph.D.

### **Graduate Student Mentor**, University of Michigan

1. *STATS 250: Introduction to Statistics and Data Analysis*  
Instructor: Brenda Gunderson, Ph.D.; Jack Miller, Ph.D.

AY 2019-20, AY 2020-1

### **Graduate Student Instructor**, University of Michigan

3. *STATS 250: Introduction to Statistics and Data Analysis*  
2020-1  
Instructor: Brenda Gunderson, Ph.D.; Jack Miller, Ph.D.

Spring 2018, AY 2019-20, AY

2. *STATS 415: Data Mining*  
Instructor: Liza Levina, Ph.D.

Winter 2018

- |   |           |
|---|-----------|
| 1. <i>STATS 500: Statistical Learning I: Regression</i> | Fall 2017 |
| Instructor: Brian Thelan, Ph.D.                         |           |

**Instructional Assistant**, University of Michigan

- |   |             |
|---|-------------|
| 1. <i>STATS 250: Introduction to Statistics and Data Analysis</i> | Summer 2020 |
| Supervisor: Jack Miller, Ph.D.                                    |             |

**Teaching Assistant**, Summer Program in Quantitative Methods of Social Research, Inter-university Consortium for Political and Social Research

- |   |                          |
|---|--------------------------|
| 1. <i>Multilevel Models I: Introduction and Application</i>       | Summer 2018, Summer 2019 |
| Instructor: Mark Manning, Ph.D.                                   |                          |
| 2. <i>Introduction to the R Statistical Computing Environment</i> | Summer 2018, Summer 2019 |
| Instructor: John Fox, Ph.D.                                       |                          |

**Undergraduate Teaching Assistant**, University of Notre Dame

- |                                     |             |
|-------------------------------------|-------------|
| 1. <i>BIOS 40411: Biostatistics</i> | Spring 2012 |
| Instructor: Gary Lamberti, Ph.D.    |             |

## Mentorship Experience

---

### Academic Advisees

- |                                    |                    |                |
|------------------------------------|--------------------|----------------|
| 1. Melissa Martin                  | PhD, Biostatistics | 2024 - Present |
| Co-advised with Ian Barnett, Ph.D. |                    |                |

### PhD Committee Membership

- |                           |                |
|---------------------------|----------------|
| 1. Jimmy Kelliher (Chair) | 2024 - Present |
|---------------------------|----------------|

### Biostatistics Ph.D. Lab Rotation Advisees

- |  |                       |
|--|-----------------------|
| 1. Ryan Jasper   | Fall 2024             |
| 2. Meghan Gerety                                       | Spring 2024 - Present |
| Co-advised with Rebecca Hubbard, Ph.D., in Spring 2024 |                       |

### Masters of Science in Clinical Epidemiology Students

- |   |           |
|---|-----------|
| 1. <b>Thesis Advisor</b> (Biostatistics), Emily Moin, MD      | 2023-2025 |
| 2. <b>Thesis Advisor</b> (Biostatistics), Eleanor Taranto, MD | 2023-2025 |

## Consulting Experience

---

### Statistical Consultant

1. *Committee for Children*, Seattle, WA

May - December 2021

### Graduate Student Consultant, University of Michigan

1. *Consulting for Statistics, Computing, and Analytics Research (CSCAR)*

Fall 2018

## Presentations and Posters

---

### Presentations at Scientific Meetings

14. Ecological regression in health policy evaluation: A guilt-free dessert
  - Society for Epidemiologic Research Annual Meeting. Boston, MA. June 2025. *Invited.*
13. How to ask the right question: Choosing estimands for health policy research
  - ENAR Spring Meeting. New Orleans, LA. March 2025. *Invited.*
12. Target trial emulation for evaluating mental health policy
  - Thomas R. Ten Have Symposium on Statistics in Mental Health. New York, NY. June 2024. *Invited.*
11. Practical guidance on whether and when to aggregate individual-level data for causal health policy evaluation
  - American Causal Inference Conference. Seattle, WA. May 2024.
10. Target trials in policy evaluation: A case study in medical cannabis laws
  - Society for Epidemiologic Research Annual Meeting. Portland, OR. June 2023. *Invited.*
9. Handling correlation in stacked difference-in-differences estimates with application to medical cannabis policy
  - International Conference on Computational and Methodological Statistics. Berlin, Germany. December 2023. *Invited.*
  - American Causal Inference Conference. Austin, TX. May 2023.
  - Joint Statistical Meetings. Washington, DC. August 2022.
8. Ready to Roll? Practical guidance on whether and when to aggregate data in health policy evaluation
  - International Conference on Health Policy Statistics. Scottsdale, AZ. January 2023.
7. Policy evaluation in the real world: Experiences with translating cutting-edge methods for an applied audience
  - American Causal Inference Conference. Berkeley, CA. May 2022.
6. Budgeting SMART: Sample size and repeated measures with a cost constraint in a longitudinal sequential, multiple-assignment randomized trial.

- ENAR Spring Meeting. Virtual. March 2021.
- 5. Sample size and timepoint tradeoffs for comparing dynamic treatment regimens in a longitudinal SMART.
  - Joint Statistical Meetings. Virtual. August 2020.
- 4. Design considerations for comparing dynamic treatment regimens in a longitudinal SMART.
  - ENAR Spring Meeting. Virtual. March 2020.
- 3. Sample size considerations for comparing dynamic treatment regimes in a SMART with a longitudinal outcome.
  - International Conference on Computational and Methodological Statistics. London, UK. December 2019
  - Joint Statistical Meetings. Denver, CO. July 2019.
- 2. Sample size considerations for comparing dynamic treatment regimens in a sequentially-randomized trial with a continuous longitudinal outcome.
  - Society for Clinical Trials Annual Meeting. New Orleans, LA. May 2019.
- 1. Sample size considerations for comparing dynamic treatment regimens in a sequential multiple-assignment randomized trial with a continuous longitudinal outcome.
  - Joint Statistical Meetings. Vancouver, BC, Canada. July 2018.
  - ENAR Spring Meeting. Atlanta, GA. March 2018.

## Invited Colloquia

1. Design thinking for policy evaluation: The policy trial emulation framework
  - Department of Statistics, North Carolina State University. Raleigh, NC. April 2025.
2. Target trial emulation for evaluating health policy
  - Philadelphia Chapter, American Statistical Association. Virtual. March 2024.
3. Using individual-level data in difference-in-differences for health policy evaluation.
  - Department of Biostatistics and Data Science, Wake Forest University School of Medicine. Virtual. March 2023.
  - Department of Biostatistics, Epidemiology and Informatics, University of Pennsylvania Perelman Medical School. Virtual. March 2023.
  - Department of Public Health Sciences, Henry Ford Health. Virtual. February 2023.
  - Division of Biostatistics, Northwestern University Feinberg School of Medicine. Chicago, IL. January 2023.
  - Departments of Population Health Sciences and Biostatistics and Medical Informatics, University of Wisconsin-Madison. Madison, WI. January 2023.
  - Department of Biostatistics, University of Colorado Anschutz Medical Campus. Virtual. January 2023.
  - Johns Hopkins ALACRITY Center Research in Progress Meeting. Virtual. November 2022.

4. A brief introduction to multi-stage trials for developing dynamic treatment regimens.
  - MNeuroNetwork Lab Seminar, University of Michigan. Virtual. March 2022.
  - Working Group on Clinical Research, University of Rochester Medical Center. Virtual. October 2021.
5. Design, analysis, and sizing of sequential multiple assignment randomized trials with binary outcomes.
  - Graduate Student Statistical Topics Seminar Series, Department of Statistics, University of Michigan. September 2015.

## Posters

1. “Ready to roll? Practical guidance on whether and when to aggregate data in health policy evaluation”
  - AcademyHealth Annual Research Meeting. Washington, DC. June 2022.
2. Sample size considerations for comparing dynamic treatment regimens in a sequential multiple-assignment randomized trial with a continuous longitudinal outcome.
  - Michigan Student Symposium for Interdisciplinary Statistical Sciences. Ann Arbor, MI. March 2019.
  - Thomas R. Ten Have Symposium on Statistics in Mental Health. Chicago, IL. June 2018.
3. Sample size considerations for the analysis of continuous repeated-measures outcomes in sequential multiple-assignment randomized trials.
  - Michigan Student Symposium for Interdisciplinary Statistical Sciences. Ann Arbor, MI. March 2017.
4. A SMART web-based sample size calculator.
  - Michigan Student Symposium for Interdisciplinary Statistical Sciences. Ann Arbor, MI. March 2015.
  - IMPACT Symposium III: Advances in Clinical Trial Statistics: Multiplicity Adjustment and SMARTs. Cary, NC. November 2014.

## Research Grants

---

### Funded

1. Impact of U.S. State Recreational Cannabis Laws on Opioid Prescribing for Chronic Non-Cancer Pain and Statistical Methods for Informative Policy Adoption
 

*Role:* Principal Investigator

*Funding Source:* Thomas B. McCabe and Jeannette E. Laws McCabe Fund  
<https://www.med.upenn.edu/evdresearch/mccabe-fund.html>

*Funding Level:* Pilot Award, 7/1/24 - 12/31/25: \$36,347

## Software

---

1. SMARTsize: A sample size calculator for sequential, multiple-assignment, randomized trials with binary or continuous outcomes in which the primary aim is to compare two embedded dynamic treatment regimes.  
<https://nseewald1.shinyapps.io/SMARTsize/>
2. MRT-SS Calculator: A sample size calculator for micro-randomized trials in which the primary aim is to detect the proximal effect of providing an intervention.  
<https://pengliao.shinyapps.io/mrt-calculator/>

## Professional Service

---

### Public Training Materials

1. “Building Effective Adaptive Interventions in Mental Health Services Research.”  
Johns Hopkins ALACRITY Center for Health and Longevity in Mental Illness  
<https://youtube.com/playlist?list=PLj4-nn-p-zv1o-cR9jiITTRfgkwmjqjoD>

### Workshop Design and Facilitation

1. “Embedding Qualitative and Quantitative Methods for Policy Evaluation”
  - Invited pre-conference workshop: 15th International Conference on Health Policy Statistics, San Diego, CA. January 6, 2024. *Co-designer and facilitator with Beth McGinty, Ph.D. and Eli Ben-Michael, Ph.D.*
2. “SMART Designs for Developing Adaptive Interventions”
  - Statistical Horizons, Virtual. August 19-23, 2024.
3. “Introduction to Adaptive Interventions and Sequential Multiple Assignment Randomized Trials”
  - Invited pre-conference workshop: Society of Behavioral Medicine Annual Meeting, Baltimore, MD. April 6, 2022. *Co-designer and facilitator with Ahnalee Brincks, Ph.D., and Shawna N. Smith, Ph.D.*
4. “Building Just-in-Time Adaptive Interventions.”
  - Center for Dissemination and Implementation Science Summer Institute, University of Illinois Chicago. Virtual. October 25-26, 2021. *Small group expert facilitator.*
5. “Using SMART Design in Responsive Survey Design.”
  - Responsive Survey Design: A Research Education Program. Institute for Social Research, University of Michigan. June 19, 2019. *Co-designer and facilitator with Ahnalee Brincks, Ph.D.*
6. “Getting SMART about Adaptive Interventions in Education.”
  - Institute of Education Sciences-funded training institute at the University of Michigan. March 11-14, 2019. *Co-designer and facilitator with d<sup>3</sup>lab* [d3lab.isr.umich.edu](https://d3lab.isr.umich.edu).

7. “Getting SMART: Experimental Design and Analysis Methods for Developing Adaptive Interventions”
  - University of California, San Francisco. May 19, 2015. *Co-facilitator with Inbal Nahum-Shani, Ph.D.*
8. “Experimental Design and Analysis Methods for Developing Adaptive Interventions: Getting SMART”
  - Methodology Center Summer Institute. Ann Arbor, MI. June 19-20, 2014. *Small group facilitator.*

## Peer Review and Editorial Activities

### Editorial

Guest Academic Editor, PLOS Medicine

### Ad hoc Reviewer

### Departmental Service

7. Member, Biostatistics Seminar Committee. Department of Biostatistics, Epidemiology, and Informatics, University of Pennsylvania. 2025 - Present.
6. Member, Epidemiology Qualifying Exam Committee. Department of Biostatistics, Epidemiology, and Informatics, University of Pennsylvania. 2025 - Present.
5. Co-Chair, Junior Faculty Committee. Department of Biostatistics, Epidemiology, and Informatics, University of Pennsylvania. 2023 - Present.
4. Member, Biostatistics Student Recruitment Committee. Department of Biostatistics, Epidemiology, and Informatics, University of Pennsylvania. 2023 - Present.

3. Student Representative, Faculty Diversity, Equity, and Inclusion Committee. Department of Statistics, University of Michigan. AY 2020-2021.
2. Co-Lead, Graduate Student Instructor Foundations Colloquium. Department of Statistics, University of Michigan. AY 2020-2021.
1. Steering Committee Member, Graduate Student Diversity, Equity, and Inclusion Working Group. Department of Statistics, University of Michigan. 2020-2021.

## Professional Memberships

American Statistical Association (2015 - present)  
 International Biometrics Society, Eastern North American Region (ENAR) (2015 - present)  
 Society for Causal Inference (2023 - present)  
 Society for Clinical Trials (2015 - 2021)  
 Society of Industrial and Applied Mathematics (SIAM) (2020-2021)  
 Society of Behavioral Medicine (2022 - 2023)

## Organizational Activities

6. Session Chair, ENAR Spring Meeting. March 2025.
5. Chair, Diversity Equity and Inclusion Committee. Society for Causal Inference. 2025 - present.
4. Member, Program Committee, 17th Annual Conference on Statistical Issues in Clinical Trials. University of Pennsylvania. 2024-2025.
3. Member, Outreach Committee, 15th International Conference on Health Policy Statistics. 2024.
2. Session Chair, 14th International Conference on Health Policy Statistics. January 2023.
1. Session Chair, Joint Statistical Meetings. August 2022.

## Professional Development

4. U-M Graduate Teacher Certificate. Rackham Graduate School and Center for Research on Learning and Teaching, University of Michigan. Completed April 2021. [crlt.umich.edu/um.gtc](https://crlt.umich.edu/um.gtc)
3. Inclusive STEM Teaching Project. Completed December 2020. [inclusivestemteaching.org](https://inclusivestemteaching.org)
2. Preparing to Teach: Workshop to prepare graduate students for a role as undergraduate faculty responsible for teaching statistics and data science. May 2020. [preparingtoteach.org](https://preparingtoteach.org)
1. Professional Development Diversity, Equity, and Inclusion Certificate. Rackham Graduate School, University of Michigan. Completed April 2020. [rackham.umich.edu](https://rackham.umich.edu)
